FINA DIVING RULES

D1 GENERAL

- **D 1.1** These Rules shall govern all Diving competitions covered by BL 9 and GR 9 (Olympic Games and World Championships), BL 10 (World Diving Cup), and GR 10 (World Junior Championships).
- **D 1.2** All diving installations, including the springboards and platforms, shall be in accordance with the FINA Facilities Rules, inspected and approved by the delegate of FINA, and a member of the Technical Diving Committee no later than 120 days prior to the start of the competitions.
- **D 1.3** When diving is sharing the same venue with any other discipline, all diving installations shall be available for use by entered diving competitors on competition days provided no competition is in progress.
- **D 1.4** Divers younger than 14 years on December 31st in the year of the competition shall not be permitted to compete at the Olympic Games, World Championships or World Cups.

D 1.5 Diving Number Designations

- **D 1.5.1** All dives shall be designated by a system of 3 or 4 numerals followed by a single letter.
- **D 1.5.2** The first digit shall indicate the group to which the dive belongs:
 - 1 = Front
 - 2 = Back
 - 3 = Reverse
 - 4 = Inward
 - 5 = Twisting
 - 6 = Armstand
- **D 1.5.3** In the Front, Back, Reverse and Inward groups, a 1 in the second digit indicates that the dive has a flying action during the dive. When there is no flying action the second digit shall be 0.
- **D 1.5.4** The third digit shall indicate the number of half somersaults being performed. For example $1 = \frac{1}{2}$ somersault, $9 = 4\frac{1}{2}$ somersaults, etc. When there are more than $4\frac{1}{2}$ somersaults there will be four digits with the third and fourth digits indicating the number of half somersaults. For example $11 = 5\frac{1}{2}$ somersaults as 1011.
- **D 1.5.5** In Armstand dives the second digit indicates the group or direction to which the dive belongs:
 - 1 = Front
 - 2 = Back
 - 3 = Reverse

- **D 1.5.6** In the Twisting group (those dives beginning with the digit 5) the second digit indicates the group or direction of the take-off as listed in D 1.5.2 above.
- **D 1.5.7** In the Twisting and Armstand groups the fourth digit shall indicate the number of half twists being performed.
- **D 1.5.8** The letter at the end of the dive number shall indicate the position in which the dive is performed:

A = Straight

B = Pike

C = Tuck

D = Free

D 1.5.9 Free position means any combination of the other positions and is restricted in its use in some twisting dives.

D 1.6 Degree of Difficulty

D 1.6.1 The degree of difficulty of each dive is calculated using the following formula (the component values of the formula are outlined in Appendix 1 and 3):

A + B + C + D + E = DEGREE OF DIFFICULTY

- **D 1.6.2** As a guide, dives with their numbers and degrees of difficulty for springboard dives have been calculated and are tabled in Appendix 2. Platform dives are tabled in Appendix 4.
- **D 1.6.3** Any dive, which is not tabled in Appendix 2 or 4 but is used in a competition, shall be given the dive number and degree of difficulty as determined in accordance with Rules D 1.5 and D 1.6.
- **D 1.6.4** In calculating the degree of difficulty for dives with twists, the following need do be noted:
- Dives with ½ somersault and twists can only be executed in position A, B or C,
- Dives with 1 or 1 ½ somersaults and twists can only be executed in position D,
- Dives with 2 or more somersaults and twists can only be executed in position B or C,
- Armstand dives with 1, 1 $\frac{1}{2}$, or 2 somersaults and one or more twists can only be executed in position D, and
- Armstand dives with 2 $\frac{1}{2}$ or more somersaults and twists can only be executed in position B or C.
- **D 1.6.5** The Appendixes 1, 2, 3 and 4 are established by the FINA Technical Diving Committee (TDC) and approved by the FINA Bureau.

 - shall observe the diver(s) on the platform,

- confirm the awards prior to their announcement, and
- in synchronised diving, will be positioned on the opposite side of the pool to observe the performance of the diver on that side.
- **D 6.3** The Referee shall inspect the statements of dives. If the statement does not comply with the Rules, the Referee shall have it corrected before the beginning of the competition.
- **D 6.4** The diver, or the diver's representative, shall be informed of the Referee's decision, that a correction is required, as soon as possible.
- **D 6.5** In the case of unforeseen circumstances, the Referee may declare a short break, a postponement or a discontinuation of the competition. If possible the break should be done after a full round of dives.
- **D 6.6** Following an interruption, the competition shall be continued from where it was stopped. The points scored before the interruption shall be carried forward into the remaining portion of the competition, whenever it is held. The final results must be based on the last complete round of dives.

Note: If the competition cannot be continued, the result will be determined by the Jury of Appeal.

- **D 6.7** When there is a strong wind, the Referee may give a diver the right to make a re-start without deduction of points.
- **D 6.8** Before each dive, the Referee or the official announcer shall announce in the language of the host country the name of the diver and the dive to be executed. In competitions where different platforms are used the height of the platform shall also be announced. If a scoreboard is used, all information concerning the dive shall be displayed and the announcement may be restricted to the identification of the diver.
- **D 6.9** When a dive is incorrectly announced, the diver or his representative shall advise the Referee immediately, who shall then confirm the diver's statement of dives.
- **D 6.10** If the incorrectly announced dive is executed by the diver, the Referee may cancel it and have the correct dive announced and performed immediately. The awards for the first dive must be noted should a protest be lodged.
- **D 6.11** The dive shall be executed after a signal given by the Referee. The signal shall not be given before the diver has assumed his position on the board or platform and the Referee has checked the indicator board. For backward and inward take-offs, the diver shall not proceed to the end of the springboard or platform until after the signal has been given by the Referee.
- **D 6.12** Each diver shall be given sufficient time for the preparation and execution of the dive, but if it takes more than one minute after the Referee has given a warning, the diver shall receive zero (0) points for the dive announced.
- **D 6.13** When a diver executes a dive before the signal is given, the Referee shall decide whether the dive shall be repeated.
- **D 6.14** In exceptional circumstances, the Referee may allow a diver to repeat a dive without penalty. The awards for the first dive must be noted should a protest be lodged.

- **D 6.15** The request for such a repetition must be made immediately by the diver or his representative.
- **D 6.16** If the diver double bounces on the end of the springboard or platform before take-off, the Referee shall declare it a failed dive.
- **D 6.17** When in a running dive the final step is not from one foot, the Referee shall declare it a failed dive.
- **D 6.18** When the take-off from the springboard is not from both feet simultaneously, the Referee shall declare it a failed dive.
- **D 6.19** When it is quite clear that the dive has been performed in a position other than that announced, the Referee shall repeat the announcement, and declare that the maximum award shall be 2 points, before giving the judges the signal to show their marks. If a judge then awards more than 2 points, the Referee shall declare the award from that judge to be 2 points.
- **D 6.20** When at the entry a twist is greater or less than that announced by 90 degrees or more, the Referee shall declare it a failed dive.
- **D 6.21** When the Referee is certain that a diver has performed a dive of a number other than that announced, the Referee shall declare it a failed dive.
- **D 6.22** When one or both arms are held above the head in a feet first entry or below the head in a head first entry, the Referee shall declare the maximum award to be $4\frac{1}{2}$ points. If a judge then awards more than $4\frac{1}{2}$ points, the Referee shall declare the award from that judge to be $4\frac{1}{2}$ points.
 - **D 6.22.1** In head first dives, if the feet enter the water before the head or hands, the Referee shall declare it a failed dive.
 - **D 6.22.2** In feet first dives, if the head or hands enter the water before the feet, the Referee shall declare it a failed dive.
- **D 6.23** During the execution of a dive, there shall be no assistance to the diver from any person. Assistance between dives shall be permitted.
- **D 6.24** The Referee may declare a dive to be failed if he considers that assistance has been given to the diver after the starting signal.
- **D 6.25** When a diver in a running dive takes a step and stops or in a standing dive stops the movement for the take-off after the legs have commenced to press, the Referee shall declare there has been a re-start and shall deduct 2 points from the award of each judge.
- **D 6.26** When there is a restart in a running, standing, or armstand dive, the Referee shall deduct 2 points from the award of each judge.
- **D 6.27** When a second attempt (a re-start) is unsuccessful, the Referee shall declare a failed dive.
- **D 6.28** When a diver refuses to execute a dive, the Referee shall declare a failed dive.

- **D 6.29** If a diver in a competition disturbs a contest, the Referee may exclude him from that competition. If a member of a team, a coach or an official disturbs a contest, the Referee may exclude that person from the competition area.
- **D 6.30** The Referee may remove any judge from the competition whose judgement he regards as unsatisfactory and may appoint another judge to replace him. At the end of the competition the Referee shall make a written report to the Jury of Appeal.
- **D 6.31** Such a change of judge shall take place only at the end of a session or round of dives performed by each diver.
- **D 6.32** At the end of the competition the Referee shall confirm the final results by his signature.

D 7 DUTIES OF THE SECRETARIAT

- **D 7.1** The records of the competitions shall be kept by two independent secretaries.
- **D 7.2** In order to facilitate the scoring, a computer, a rapid calculator, or a chart may be used.
- **D 7.3** In individual and team events, the judges' awards shall be announced in their seating order, and the first secretary shall record all awards as announced on the diver's statement of dives. In synchronised diving events, the judges awards shall be announced, starting with the execution judges awards in seating order, followed by the synchronised judges awards, also in seating order. When a computer and a scoreboard are used, the announcement of the judges awards is not necessary and the secretary may record the awards directly from the monitor.
- **D 7.4** The second secretary shall enter on the diver's statement of dives the judges' awards. When a computer is used to determine the scores, the second secretary may record the awards directly from the monitor.
- **D 7.5** In the individual and team events, when seven (7) judges are used, the secretaries shall cancel the two (2) highest and the two (2) lowest judges' awards. When more than two (2) awards are equal only two of the equal awards shall be cancelled. If only five (5) judges are used, the secretaries shall cancel the highest and the lowest award.
- **D 7.6** In synchronised diving, when eleven (11) judges are used, the secretaries shall cancel the highest and the lowest judges' awards given for execution for one diver, the highest and lowest judges' awards for execution of the other diver and the highest and lowest judges' awards given for synchronisation. When more than two (2) awards are equal only two of the equal awards may be cancelled.
- **D 7.7** In synchronised diving, when nine (9) judges are used, the secretaries shall cancel the highest and the lowest judges' awards given for execution and the highest and lowest judges' awards given for synchronisation. When two (2) or more awards are equal, either of the equal awards may be cancelled.

D 7.8 The secretaries shall independently add the remaining awards and multiply this total by the degree of difficulty for the dive to determine the score of the dive according to the following examples:

Individual and team competitions

Five (5) judges: 8.0, 7.5, 7.5, 7.5, 7.0 = 22.5 x 2.0 = 45.0

Seven (7) judges: $8.0, 7.5, 7.5, 7.5, 7.5, 7.5, 7.0 = 22.5 \times 2.0 = 45.0$

Synchronised Diving competitions

Nine (9) judges: Execution diver 1: 7.0, 6.5

Execution diver 2: 5.5, 5.5

Synchro awards: 8.5, 8.0, 8.0, 7.5, 7.5

 $= 35.5 \div 5 \times 3 = 21.3 \times 2.8 = 59.64$

Eleven (11) judges: Execution diver 1: 7.0, 6.5, 6.0

Execution diver 2: 5.5, 5.5, 7.0

Synchro awards: 8.0, 8.0, 7.5, 8.0, 7.0

 $= 35.5 \div 5 \times 3 = 21.3 \times 2.8 = 59.64$

- **D 7.9** When a judge by reason of illness or any other unforeseen circumstances, has made no award for a particular dive, the average of the awards of the other judges shall be adopted as the missing award. The award shall be rounded up or down to the nearest half point or whole point. Averages ending in .01 to .24 shall be lost. Averages ending in .25 to .74 shall be rounded to .50. Averages ending in .75 or higher shall be rounded up to the next whole point.
- **D 7.10** In synchronised diving, when a judge (execution or synchronised) by reason of illness or any other unforeseen circumstances, has made no award for a particular dive, in an eleven (11) judge panel, the average of the awards of the other two (2) execution judges of the same diver, or the average of the other four synchronised judges, shall be adopted as the missing award. The average award shall be rounded up or down to the nearest half point or whole point. Averages ending in .01 to .24 shall be lost. Averages ending in .25 to .74 shall be rounded to .50. Averages ending in .75 or higher shall be rounded up to the next whole point. In a nine (9) judge panel, the award of the other execution judge of the same diver shall be adopted as the missing award.
- **D 7.11** At the end of the competition the two secretaries shall collate the score sheets.
- **D 7.12** The result of the competition shall be obtained from the score sheets.
- **D 7.13** If an electronic officiating equipment is in use, only one secretariat may be used. The secretariat records the awards and the electronic result only, to make sure that the final result can be calculated in a case that the electronic officiating equipment breaks down.
- **D 7.14** The final result at FINA events shall be announced in one of the official languages of FINA (English or French).

D 8.1.1 A judge shall award from 0 to 10 points for a dive according to his overall impression within the following criteria:

Excellent 10
Very Good 8.5 - 9.5Good 7.0 - 8.0Satisfactory 5.0 - 6.5Deficient 2.5 - 4.5Unsatisfactory 0.5 - 2.0Completely failed 0

- **D 8.1.2** When judging a dive, the judge must not be influenced by any factor other than the technique and execution of the dive. The dive must be considered without regard to the approach to the starting position, the difficulty of the dive, or any movement beneath the surface of the water.
- **D 8.1.3** The points to be considered in judging the overall impression of a dive are the technique and grace of:
 - the starting position and the approach
 - the take-off
 - the flight
 - the entry
- **D 8.1.4** When a dive is performed clearly in a position other than that announced the dive shall be deemed unsatisfactory. The highest award for such a dive is 2 points.
- **D 8.1.5** When a dive is performed partially in a position other than that announced, the judges shall exercise their own opinion in making their award up to a maximum of $4\frac{1}{2}$ points.
- **D 8.1.6** When a dive is not performed in the straight (A), pike (B), tuck (C), or free (D) position, the judge shall deduct from $\frac{1}{2}$ to 2 points, according to his opinion.
- **D 8.1.7** When a judge considers that a dive of a different number has been performed he may award zero (0) points, notwithstanding that the Referee has not declared it to be a failed dive.

D 8.2 The starting position

- **D 8.2.1** When the signal is given by the Referee, the diver shall take the starting position.
- **D 8.2.2** The starting position shall be free and unaffected.
- **D 8.2.3** When the correct starting position is not free and unaffected, each judge shall deduct ½ to 2 points, according to his opinion.

D 8.2.4 Standing dives

- **D 8.2.4.1** The starting position in standing dives shall be assumed when the diver stands on the front end of the board or platform.
- **D 8.2.4.2** The body shall be straight, head erect, with the arms straight in any position.
- **D 8.2.4.3** When executing a standing dive, the diver must not bounce (crowhop) on the springboard or platform before the take-off. In this circumstance, the judge shall deduct from $\frac{1}{2}$ to 2 points, according to his opinion.

D 8.2.5 Running dives

D 8.2.5.1 The starting position in a running dive shall be assumed when the diver is ready to take the first step of the run.

D 8.2.6 Armstand dives

- **D 8.2.6.1** The starting position in an armstand dive shall be assumed when both hands are on the front end of the platform and both feet are off the platform.
- **D 8.2.6.2** When, in an armstand dive, a stationary and steady balance in the straight vertical position is not shown, each judge shall deduct from ½ to 2 points, according to his opinion.
- **D 8.2.6.3** A re-start shall be allowed when a diver loses his balance, one or both feet return to the platform, or any other part of his body other than his hands touches the platform. When a diver loses his balance and moves one or both hands from the original position at the front end of the platform, this shall be deemed as a re-start.

D 8.3 The approach

- **D 8.3.1** When executing a running dive from either the springboard or the platform, the run shall be smooth, aesthetically pleasing, and in a forward direction to the end of the springboard or platform with the final step being from one foot.
- **D 8.3.2** When the run is not smooth, aesthetically pleasing, or in a forward direction to the end of the springboard or platform, each judge shall deduct ½ to 2 points, according to his opinion.
- **D 8.3.3** When the final step is not from one foot, the judge may award zero (0) points, notwithstanding that the Referee has not declared it to be a failed dive.
- **D 8.3.4** The diver must not double bounce on the end of the springboard or platform before the take-off. When the judge considers that the diver has double bounced in a dive, the judge may award zero (0) points, notwithstanding that the Referee has not declared it to be a failed dive.

D 8.4 The take-off

- **D 8.4.1** The take-off in forward and reverse dives may be performed either standing or running at the option of the diver. The take-off in backward and inward dives must be performed standing.
- **D 8.4.2** The take-off from the springboard shall be from both feet simultaneously. The forward and reverse take-off from the platform may be from one foot.
- **D 8.4.3** When the take-off from the springboard is not from both feet, the judge may award zero (0) points, notwithstanding that the Referee has not declared it to be a failed dive.
- **D 8.4.4** In running and standing dives, the take-off shall be bold, high and confident, and shall be from the end of the springboard or platform.
- **D 8.4.5** When the take-off is not bold, high and confident, or from the end of the springboard or platform, each judge shall deduct ½ to 2 points, according to his opinion.
- **D 8.4.6** In dives with twist, the twisting shall not be manifestly done from the springboard or platform. If the twisting is manifestly done from the springboard or platform, each judge shall deduct ½ to 2 points, according to his opinion.

D 8.5 The flight

- **D 8.5.1** If during the execution of a dive, a diver dives to the side of the direct line of flight, each judge shall deduct according to his opinion.
- **D 8.5.2** If during an execution of a dive, a diver touches the end of the springboard or platform with his feet or hands, each judge shall deduct according to his opinion.
- **D 8.5.3** If during the execution of a dive, a diver is unsafely close to the springboard or platform or touches the end of the springboard or platform with his head, the judges shall award up to a maximum of 2 points. If the majority of the judges (at least three (3) in a 5 judge panel / at least four (4) in a 7 judge panel) award two (2) or less points, all higher scores shall be two (2) points. The judges indicates to the Referee by the use of electronic technology or where electronic technology is not available by raising one hand that the two (2) or less points are in relation to the unsafe close execution of the dive.
- **D 8.5.4** During the flight, the position of the dive shall be at all times aesthetically pleasing. Should any of the positions not be shown as described below, each judge shall deduct ½ to 2 points, according to his opinion.

The dive can be executed in the following positions:

Straight (A)

D 8.5.5 In the straight position the body shall not be bent either at the knees or hips. The feet shall be together and the toes pointed. The position of the arms is at the option of the diver.

D 8.5.6 In all flying dives a straight position shall be clearly shown and that position shall be assumed from the take off or after one somersault. When the straight position is not shown for at least one quarter of a somersault (90°) in dives with one (1) somersault, and at least one half of a somersault (180°) in dives with more than one (1) somersault, the maximum award by the judges shall be $4\frac{1}{2}$ points.

Pike (B)

- **D 8.5.7** In the pike position the body shall be bent at the hips, but the legs must be kept straight at the knees, the feet shall be together, and the toes pointed. The position of the arms is at the option of the diver.
- **D 8.5.8** In the pike dives with twist, the pike position must be clearly shown. Should this position not be shown, each judge shall deduct $\frac{1}{2}$ to 2 points, according to his opinion.

These diving illustrations serve as a guide only and the position of the arms is at the choice of the diver except in the entry.

Tuck (C)

- **D 8.5.9** In the tuck position the body shall be compact, bent at the knees and hips with the knees and feet together. The hands shall be on the lower legs and the toes pointed.
- **D 8.5.10** In tuck dives with twist, the tuck position must be clearly shown. Should this position not be shown, each judge shall deduct ½ to 2 points, according to his opinion.

These diving illustrations serve as a guide only and the position of the arms is at the choice of the diver except in the case of the hands in the tuck and the entry.

Free position (D)

- **D 8.5.11** In the free position, the body position is optional but the legs shall be together and the toes pointed.
- **D 8.5.12** In somersault dives with twist, the twist may be performed at any time during the flight.

D 8.6 The entry

D 8.6.1 The entry into the water shall in all cases be vertical, not twisted, with the body straight, the feet together, and the toes pointed.

- **D 8.6.2** When the entry is short or over, twisted or the body not straight, the feet not together, and the toes not pointed, each judge shall deduct according to his opinion.
- **D 8.6.3** In head first entries, the arms shall be stretched beyond the head and in line with the body, with the hands close together. If one or both arms are held below the head on entry, the judge may award up to $4 \frac{1}{2}$ points, notwithstanding that the Referee has not declared a maximum award of $4 \frac{1}{2}$.
- **D 8.6.4** In feet first entries, the arms shall be close to the body with no bending at the elbows. If one or both arms are held beyond the head on entry, the judge may award up to $4\frac{1}{2}$ points, notwithstanding that the Referee has not declared a maximum award of $4\frac{1}{2}$.
- **D 8.6.5** Other than as provided in Rules D 8.6.3 and D 8.6.4, when the arms are not in the correct position in either the head first or feet first entry, each judge shall deduct from ½ to 2 points, according to his opinion.
- **D 8.6.6** When at the entry a twist is greater or less than that announced by 90 degrees or more, the judge may award zero (0) points, notwithstanding that the Referee has not declared it to be a failed dive.
- **D 8.6.7** The dive is considered to have been completed when the whole of the body is completely under the surface of the water.

D 9 REFEREING AND JUDGING SYNCHRONISED DIVING

- **D 9.1** Synchronised diving is judged by the execution of the individual dives and the synchronisation of the divers
- **D 9.2** The rules for judging individual diving shall apply to the execution of dives in synchronised diving, except that where one or both divers perform a dive of a different number or position, other than that announced, the Referee shall declare it a failed dive.
- **D 9.3** When judging the synchronisation of the dives, the overall impression of the synchronisation of the dives must be taken into account.
- **D 9.4** The factors to be considered in judging synchronised diving are:
 - the starting position, the approach and the take-off, including the similarity of the height,
 - the coordinated timing of the movements during the flight,
 - the similarity of the vertical angles of the entries,
 - the comparative distance from the springboard or platform of the entry,
 - the coordinated timing of the entries.
- **D 9.5** If either diver enters the surface of the water before the other diver leaves the springboard or platform, the Referee shall declare it a failed dive.
- **D 9.6** The Referee shall declare a two-point deduction from all judges when there is a re-start by one or both divers.

- **D 9.7** The execution judges must not be influenced by any factor other than the technique and execution of the dive, not both dives, nor the synchronisation of the divers.
- **D 9.8** When either or both divers perform a dive of a different number or position other than that announced, the Referee shall declare the dive a failed dive.
- **D 9.9** When an execution judge considers that a dive of a different number has been performed by a diver, the judge shall award zero (0) points notwithstanding that the Referee has not declared it to be a failed dive. If both execution judges of one diver in a nine (9) judge panel or all three (3) execution judges in an eleven (11) judge panel, award zero (0) points, the Referee shall declare it a failed dive. If the Referee declares a failed dive, zero (0) points are awarded by all nine (9) or eleven (11) judges.
- **D 9.10** The synchronisation judges must not be influenced by any other factor other than the coordinated performance of the two divers and not the execution of both dives.
- **D 9.11** If all the synchronisation judges award zero (0) points, the Referee shall declare it a failed dive.
- **D 9.12** When any of the following faults are shown, each synchronisation judge shall deduct from ½ to 2 points, according to his opinion, for the lack of:
 - similarity of the starting position, approach, take-off or height,
 - coordinated timing of the movement during the flight,
 - similarity of the vertical angles of the entries,
 - comparative distance from the springboard or platform of the entry,
 - coordinated timing of the entries.
