B: Back to the following interface and click "Browser" icon.

C: Input the following website using the virtual on-screen keyboard. https://www.kazovision.com/sports/ultrascore/download/upgrade_ks-gc16/

D: Download the upgrade file and installing it. Upgrade will be finished.

Solution 2

Preparation

Download the upgrading software from the link below and save it in a USB disk. <u>https://www.kazovision.com/sports/ultrascore/download/upgrade/</u>

Prepare a USB Hub, plug it onto the scoring console. Connect a mouse and the USB disk (with the app which you downloaded) on to the USB Hub.

Details steps.

A: Exit the scoring APP from the console.

Click the Backspace button and press the OK in the dialog box. And desktop will be showed next.

Are you sure to	close?
